Notebook Grading

Grade A	Great cosmetic condition and fully functional unit, with a very minor mark or blemish.
Grade B	Very good condition and fully functional, with a few minor signs of wear and tear which cannot be classed a Grade A
Grade C	Fully functional unit but this unit will have either a lot of cosmetic wear and tear OR a minor technical issue. We have a full breakdown of issues on C grade machines available on request, this identifies the reason for the grading and helps you select a suitable laptop for your customer.

Laptop batteries we guarantee a minimum of 40 minutes hold (95% hold a lot longer), as batteries can deteriorate over time, the warranty covers them for 30 days. We reprint the keyboards on most laptops giving a new look condition.

Orchid Computers that trading in reconditioned I.T hardware is one of the most responsible environmental purchases you will consider. Refurbishing keeps good working computers out of landfills, reducing pollution, and helps conserve raw materials. Buying 'Green' also creates its own financial rewards, offering the buyer substantial savings when compared to buying new computers, guaranteeing a win-win situation for all parties.
