HP and Dell Server Options

Memory: 2GB £20.00 | 4GB £39.00 | 8GB £45.00 **Extended Warranty:** (Increase to 12 months) £75.00

HDD SAS: 72GB £25.00 | 146GB £40.00 | 300GB £55.00 **HDD SCSI:** 36GB £25.00 | 72GB £35.00 | 146GB £59.00

HDD SATA (Hot Plug Caddy): 160GB £25.00 | 250GB £30.00 | 500GB £40.00 | 1TB £45.00 | 2TB £80

PowerEdge Rail Kit £20.00 | **PowerEdge 2950 Front Cover** £15.00 | **Dell Hard Drive Caddies** £20.00

Notebook Grading

Grade A	In excellent condition for a previously used machine, you may find 1 or 2 small cosmetic blemishes. This may be a minor hairline scratch, small scuff mark, or small indent
Grade B	In a very good condition for a previously used machine, they will show slightly more wear than Grade A. This could be a few hairline scratches, scuffs, small indents or a dead pixel
Grade B-	In a good condition for a previously used machine, they will show slightly more wear than Grade B but offer a real bargain for a tighter budget. Multiple hairline scratches, multiple small scuffs, small indents, 1 or 2 dead pixels, wear or dent to the edges, a small chip or crack to the plastic.
Grade C	Fully functional unit which has been Graded C due to a minor technical issue (not cosmetic). EG. sound or USB not working, white pressure marks. We have a full breakdown of issues on C grade machines available on request, this identifies the reason for the grading and helps you select a suitable laptop for your customer.
Laptop batteries we guarantee a minimum of 40 minutes hold, as batteries can deteriorate over time, the warranty only covers them for 30 days. We reprint the keyboards on most laptops helping to enhance that new out-of-box condition.	

Orchid Computers believes that trading in reconditioned I.T hardware is one of the most responsible environmental purchases you will

consider. Refurbishing keeps good working computers out of landfills, reducing pollution, and helps conserve raw materials. Buying 'Green' also creates its own financial rewards, offering substantial savings when compared to buying new, helping you save both money and the environment.
